Jennifer, For the time being EPA is relying on the Navy to do the research into all the work that TetraTech EC did at Alameda Point, then the Navy will share that with us, likely right before your City Council meeting. The Navy will present the info and I will attend and be able to answer any questions.

John

**Subject:** RE: City Council Meeting: Navy Tetra Tech Presentation

Hello Xuan-Mai:

I hope you are well! Can EPA release a statement about the work of TetraTech at Alameda Point? Does EPA think additional samples or work needs to be done to independently audit Tetra Tech's work (this is our most frequent questions)? We are getting lots of other questions too and we think it would really help to get EPA's perspective on this out in the community and to our City Council. Please let me know what you think.

Thanks,  
Jen

**Subject:** City Council Meeting: Navy Tetra Tech Presentation

Hello All:

We will not be adding a special meeting on 7/31 so we are agendaizing the Navy presentation and EPA/DTSC support for questions on 7/24 at City Hall at 7:00 pm. Please let me know if you have any questions.

Thanks,  
Jen
